

**Remarks**

Claims 1-30 are pending in the application. The applicants respectfully request that the Examiner enter the foregoing amendments to claims 4, 14, and 24 in order to correct dependency errors and therefore place the claims in better condition for appeal. The aforementioned claims currently depend from claims 3, 13, and 22, respectively, which relate to the display of a *third* list of words. Nevertheless, claims 4, 14, and 24 and claims 2, 12, and 22 recite different ways to order a *second* list of words. Claims 2, 12, and 22 depend from claims 1, 11, and 21, respectively, and claims 4, 14, and 24 should have had a similar dependency for consistency purposes. The applicants submit that the dependency problem was merely a typographical error and that the proposed amendment would not necessitate a new search and may be entered to place the claims in better condition for appeal pursuant to 37 CFR § 1.116.

Respectfully submitted,

Digeo, Inc.
